BAND MIT KÜHLUNGSWANNE

Utilissimo per pezzi di medio e grosso spessore. Evita il ritiro brusco del materiale.

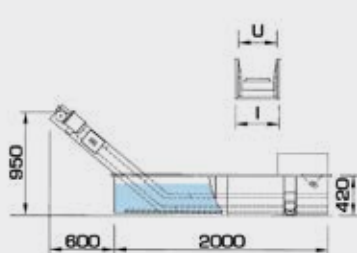

It is very useful for parts having a medium and a great thickness. It prevents the sudden shrinkage of the material.

Très utile pour les pièces d'épaisseur moyenne ou importante. Evite les retraits de matière.

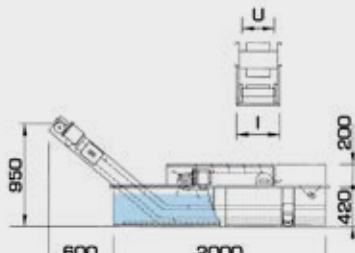

Util para piezas de mediano y grueso espesor. Evita la contracción brusca del material. Avance controlado y velocidad variable.

Sehr nützlich für Teile mittlerer und großer Dicke. Verhindert die bruske Materialschrumpfung.
